Recent Success Story:

This family was referred to Community Partners by a Resource Coordinator for Communities of School in Greater Clark County. This family consisted of mom, dad and two children. The family was facing eviction due to the father having surgery and losing his job. The mother also lost her temporary position due to trying to help care for the father due to his disabling condition from surgery. They had no family and only minimal friend supports in the area. They identified one friend who could care for the children in ensuring they had a consistent place to stay. IHBS assisted the family with finding resources for food and housing. We were able to get them on the list and get them a verification of homelessness letter from the Salvation Army. IHBS utilized funding through Community Partners to assist the family with paying for their storage unit so that they had somewhere to keep their belongings. The family was able to obtain an apartment and start new jobs which allowed them to sustain their monthly bills. Prior to closing this case, the children returned home with the family, the parents were following the budget that IHBS staff helped them create and were knowledgeable of the different resources they could utilize in their community.
