

## **SACC RFF 2023-009 Award Recommendation Summary**

### **I. Introduction**

SACC RFF 2023-009 was issued to solicit applications from public school corporations and nonprofit organizations interested in the available funds to support school-age care through the State-funded School-Age Child Care (SACC) Project Fund for State Fiscal Year (SFY) 2024. This grant supplements program costs in the four (4) areas of program enrichment, equipment, staffing, and staff development to facilitate increased quality in school-age child care programs. 53 initial applications were received representing 28 of the 92 Indiana counties. OECOSL recommends awarding \$1,539,907.22 to 38 applicants that serve 76 locations in 24 counties (one applicant was evaluated across the three different counties they operate in, so they are listed three times in Appendix 1 below leading to a total of 40 rows that are recommended for award).

### **II. Evaluation Overview**

Four applicants were found to not meet mandatory eligibility grant requirements during the mandatory requirements review. All other 49 applicants met the mandatory grant and applicant eligibility requirements. A team of FSSA staff reviewed the 49 eligible applications for the following:

- Plan for Requested Grant Funding

Applicants could receive additional priority points for meeting the following pre-set criteria:

- Operating as a school-based program at a school site
- Serving over 75% of families at or below 190% of the Federal Poverty Level
- Operating in a rural area

The maximum score an applicant could receive was 100 points (85 technical response points and 15 priority points). The evaluation resulted in total scores ranging from 95.75 to 5.00. Please refer to Appendix 1 for a breakout by application of the scoring.

### **III. Award Recommendation Overview**

When making award decisions, OECOSL examined each applicant's total score. All applicants with a total score above 50.00 are recommended for award. A total of 38 applicants were recommended for an award.

Based on the above criteria, OECOSL recommends awarding \$1,539,907.22 to 38 applicants that serve 76 locations in 24 counties. Please refer to Appendix 2 for a breakout of the award recommendations for the SACC Project Fund for SFY 2024.

## Appendix 1

### Evaluated Application Total Scores

No. <sup>1</sup>	Provider Name	County	Total Score	Award Recommendation
