Comment period: Any person or entity who wishes to submit comments or information relevant to the aforementioned project may do so by the closing date noted above. Only comments or information related to water quality or potential impacts of the project on water quality can be considered by IDEM in the water quality certification review process.

Public Hearing: Any person may submit a written request that a public hearing be held to consider issues related to water quality in connection with the project detailed in this notice. The request for a hearing should be submitted within the comment period to be considered timely. The request should also state the reason for the public hearing as specifically as possible to assist IDEM in determining whether a public hearing is warranted.

Questions? Additional information may be obtained from Jake Brinkman, Project Manager, by phone at 317-306-8995 or by e-mail at jbrinkma@idem.in.gov. Please address all correspondence to the project manager and reference the IDEM project identification number listed on this notice. Indicate if you wish to receive a copy of IDEM's final decision. An aerial photograph showing a demolition site. Three large, dark-roofed buildings are being dismantled. A red line is drawn across the base of the buildings. In the foreground, a concrete retaining wall is partially visible, with a creek flowing below it. The creek is labeled 'Little Indian Creek'. A road labeled 'SR 62' and 'Hestnut St' is visible in the upper right. There are also some small circular markers with letters 'S' and 'M' on the road.

These buildings were demolished in 2022 and no longer exist.

This portion of old retaining wall was
concrete block and falling down. Rebuilt
it with poured concrete wall on same
footprint.
