

Welcome to the MQ Learning Center

The MQ Learning Center is designed to provide you with a learning environment that encourages innovation, experimentation, and the open exchange of ideas. Our pledge to you is to provide a safe, clean, and risk-free environment in which to learn. If you have any questions, just ask any School of Manufacturing & Quality or MQ Learning Center staff member. We are here to help you.

This is your space to learn. Enjoy the Student Lounge. It's a place to network while having a cup of coffee or cold drink. Feel free to use the telephones by the coatroom to check voice mail or make local calls and to use the computers in the computer labs when classes are not in session. The receptionist can answer any questions or address equipment or room issues.

Safety first!

In an emergency:

- Call **555** for all emergencies (you will be connected with a 911 operator).
- Remain calm.
- Identify who you are, the nature of the emergency and the location of the emergency.

In the event of a fire:

- Activate the fire alarm.
- Evacuate the building.
- Go to the nearest safe rally point:
 - Northeast corner of parking lot by basketball goals.
 - West corner of grounds by main building sign on Executive Drive.

In a severe weather or shelter in place emergency:

- Go to the nearest "shelter in place" location. These are the interior classrooms marked on the map with green and blue stripes.
- Remain there until the all clear is given.

Address:
2301 Executive Drive

Allergy Notice:

Penicillin was historically handled and packaged in this facility. Although all efforts have been made to decontaminate the facility, if you have any concerns regarding allergies to penicillin please contact Employee Health Services.

A few safety rules:

- Visitors must sign in.
- Everyone must wear a Lilly badge at all times.
- The MQ Learning Center is a smoke-free facility.
- No food or drinks in the equipment and laboratory areas.
- Follow proper procedures to dispose of waste.
- Use appropriate PPE in the warehouse, equipment and laboratory areas.
