

Resumes

Appendix 1

As referenced in *Section 4 – Staffing* of our response, this appendix provides the detailed resumes for the Non-Vital Core M&O team members, as well as the prospective candidate resumes that could be proposed for Project-Based Work efforts as defined by the State. Each resume indicates the specific position/level for which the individual is being proposed and whether that position is related to the Core M&O team or Project-Based Work.

Resumes for the Vital Position team members, as well as the Contract Manager, are provided directly in *Section 4 – Staffing* as part of subsection *4.c. Vital Positions-Specific Staffing Questions*.
