Professional Experience

Speech-language Pathologist (retired)

Indianapolis Public Schools

February 1982-February 2021

- Lead SLP 2015-16; Co-Lead SLP 2016-2019
As SLP lead I have coordinated professional development and SLP department meetings. Supported SLPs as needed, and coordinated and provided training for Medicaid billing, Indiana IEP program, Standards for Success and IPS policies and procedures. Assisted with caseload management and ongoing check-ins for Medicaid billing for SLPs. Have been liaison with contracting agencies, participated in interview panels for speech-language pathologists and special education administrators. Supervised Clinical Fellows.
- Supervised student externs and mentored new Speech-language Pathologists for the IPS district prior to assuming lead role
- Helped create and update Speech-language and Hearing Department manual and caseload criteria guidelines
- Developed and implemented orientation program for new to IPS speech-language pathologists
- As school-based SLP have provided evaluation, diagnosis and treatment of articulation, language, fluency and voice disorders for preschool through high school-aged students
- Participated in and trained SLPs in best practices for speech/language related issues with RTI and then MTSS process
- Researched, developed and facilitated implementation of Caseload vs Workload 3:1 Model for the IPS district
- Have provided professional development for IPS schools, SLP Department and Indiana Speech and Hearing Association convention in the areas of school based issues, language therapy and classroom collaboration
- Currently member of *Leader in Me* Leadership Team, Robert Lee Frost School 106
- Have maintained Highly Effective Rating in Standards for Success
