

# STATE OF INDIANA

**Eric J. Holcomb, Governor**

**DEPARTMENT OF ADMINISTRATION**  
Procurement Division

Indiana Government Center South  
402 West Washington Street, Room W478  
Indianapolis, IN 46204

October 31, 2023

Per Indiana Code 16-32-2-9 the Indiana Department of Administration conducted an analysis of state spend during the previous fiscal year; July 1, 2022 through June 30, 2023. The percentage attained was 72.67% during that time period. IDOA will continue current policies as the data shows them to be effective.

The spend captured was for executive branch agencies, over which IDOA has statutory procurement authority, using the UNSPC (United Nations Standard Products and Services Code) each Ability IN entity identified as being applicable to the products or services they provide. The amount of state spend with the Ability IN entities (26 in total) was then determined. The amounts were \$4,845,743.50 and \$3,521,576.26 respectively.
