

Request for Brownfields Site Assistance

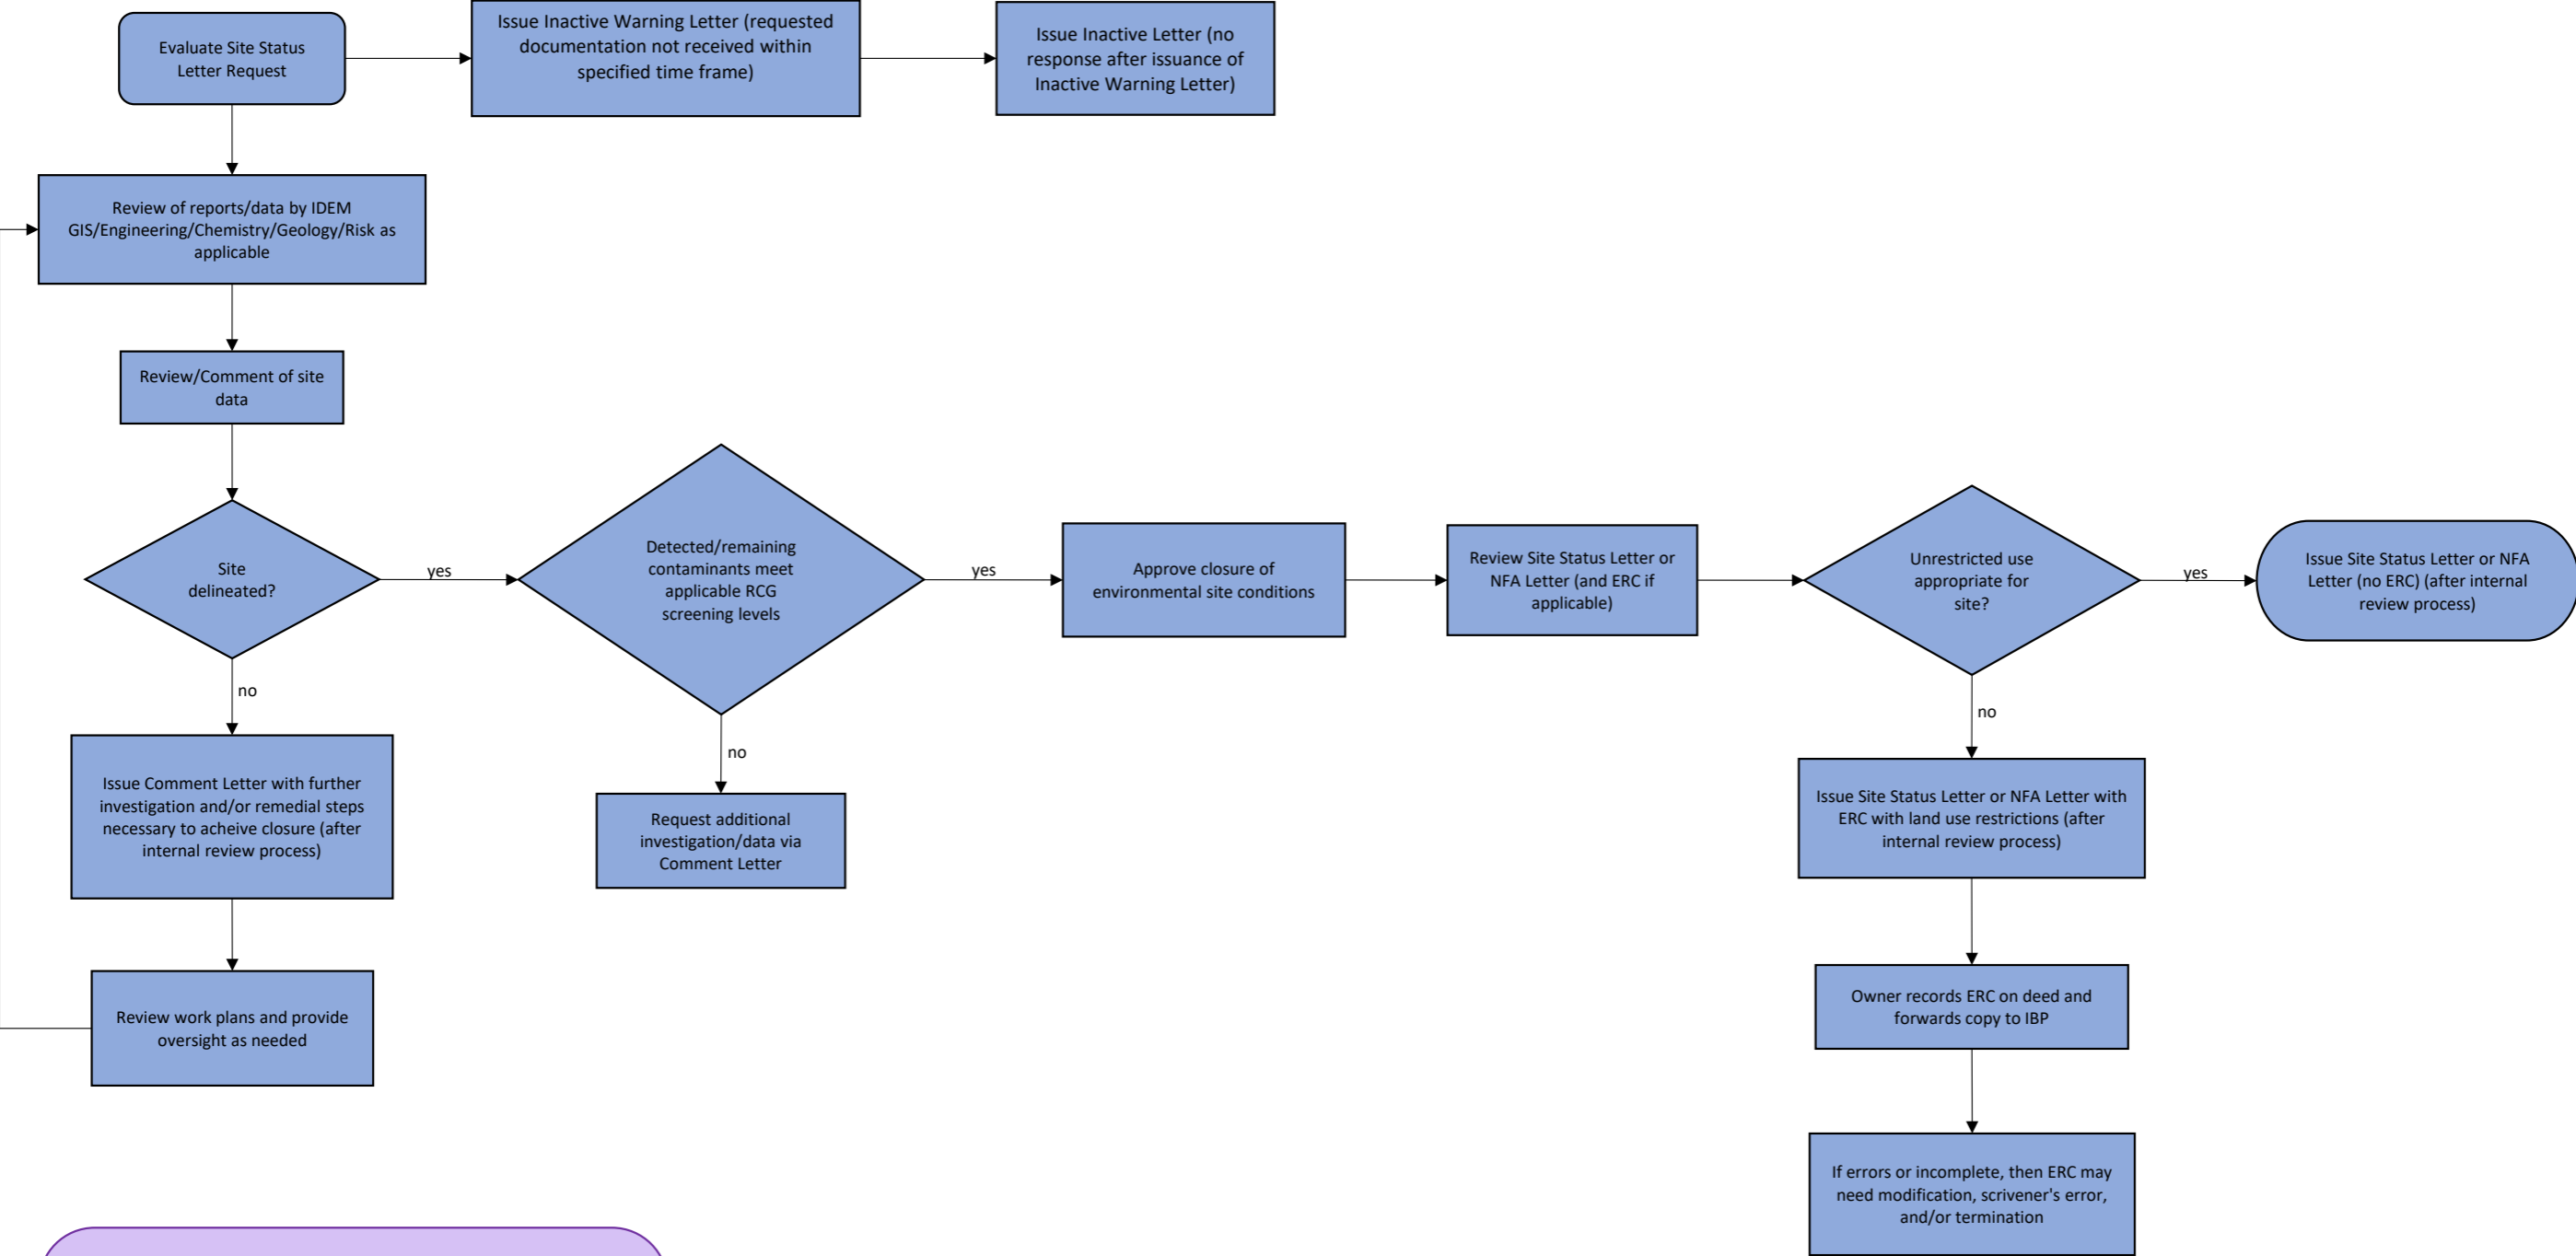

Comfort Letter Request

Comfort/Site Status Letter Request Timelines
 The length of the time required for the Program to issue a letter varies on the number of other requests already in the queue and the volume of data/reports associated with the site at issue that require review to draft the letter. Stakeholders should plan for a **minimum of 120 days** from the time the Program receives all pertinent documentation and information to receive the letter requested. **Note:** because the BFPP exemption was designed to be self-implementing, a stakeholder need not have IDEM's Comfort Letter in hand at the time of a real estate closing to be protected under the law.
