

Addendum #3 to the Request for Proposals

A Project to Provide a Customer Service Center and Back Office System For RiverLink's Ohio River Bridges (the "RFP")

Pursuant to Section 5.1.4.1 of Volume I, the Joint Board is providing this Addendum #3 to the RFP. Capitalized Terms not otherwise defined in this Addendum #3 shall have the meanings set forth in the RFP and RFP Documents.

In regards to any signatures that accompany a Proposal, the preference of the Joint Board is for original, wet signatures to be submitted along with any original notary signatures, where required. However, if not practical due to the ongoing circumstances related to COVID-19, Proposers shall not be required to include original, wet signatures (or any notary signatures that require originals and/or a physical gathering to obtain such originals) as part of submission of a Proposal and instead may use alternative forms of signatures such as electronic or DocuSign. In regards to any notary signatures, if not submitted as part of a Proposal, the Joint Board shall require such notary signatures to be provided as soon as reasonably possible and, at a minimum, prior to award of the Contract.
