

NOTICE OF REQUEST FOR QUALIFICATIONS

The Indiana Finance Authority (“IFA”) is requesting interested teams (“Proposers”) to submit a statement of qualifications (“SOQs”) to design and build the Sherman Minton Corridor Project (“Project”) in Floyd County, Indiana and Jefferson County, Kentucky, through a public-private agreement (“PPA”) with IFA. The Sherman Minton Bridge is one of two non-tolled river crossings linking Indiana and Kentucky in the Louisville metro area.

The Project includes extensive rehabilitation of the I-64 Sherman Minton Bridge over the Ohio River, and includes additional bridges and local paving work in the immediate vicinity of the river crossing. The project scope of work includes replacement or refurbishment of multiple bridge decks, multiple structural steel elements and the replacement of all hanger cables; new lighting; drainage repairs and painting of the steel components. The goal of the Project is to add up to 30 years of service life to the bridge.

A link to the request for qualifications (“RFQ”) for the Project has been posted on the IFA website at <https://www.in.gov/ifa/3037.htm>. IFA will evaluate the SOQs submitted by Proposers in response to the RFQ as more fully described therein. If an SOQ is found responsive, IFA will then evaluate the SOQ on the pass/fail and other criteria described in the RFQ and determine a shortlist of Proposers. Only short-listed Proposers will be eligible to respond to a request for proposals to act as Design-Build Contractor of the Project expected to be issued by the IFA.

All responses to the RFQ must be filed with the IFA no later than 12:00 p.m., noon (EDT), on January 7, 2020, as more fully described in the RFQ posted on the IFA website.

Dated October 25, 2019.
