For construction firms, for project or contracts listed using the traditional design-bid-build delivery method, the information provided shall be limited only to the construction contract rather than any design contract where such entity had limited or no involvement.

This form must be submitted for each project identified in Part B, Section 2.5 and may not exceed one page per project and 8 pages in the aggregate. This separate “Notes” page shall not be counted towards the 8 pages in the aggregate.
