

US 30 AT FLAUGH ROAD IN ALLEN COUNTY DES. # 1801311, 1901890, 1901891, 1901893

PROJECT DETAILS

With the goal of improving safety and traffic congestion on US 30, this project will create limited access on US 30 and better serve the free-flowing through vehicles on US 30. The project will feature a new grade-separated interchange at US 30 and either Kroemer or Flaugh Road. In order to capture the influence a new interchange has on the corridor, the adjacent intersections to Kroemer and Flaugh Road are included in the project. Improvements at the intersections of US 30 with Kroemer or Flaugh Road, O'Day Road, Stahlhut Road, and Felger Road/Leesburg Road will be analyzed in accordance with the interchange. The project is in the early stages of design development. INDOT will continue to engage the public with opportunities for input from the community in the fall of 2021.

PROJECT NUMBER:

1801311, 1901890, 1901891, 1901893

PROJECT STATUS: In Design

ANTICIPATED CONSTRUCTION:

Tree Clearing and Utility Relocations – 2023
Road Construction – 2024

ANTICIPATED CONSTRUCTION COST:

Approx. \$35.5-\$45.5M
