All parties have been advised that:

1. 2. If the contract is not awarded within 90 days of bid opening, the Davis-Bacon Wage Determination that is in effect on the date that contracts are signed becomes the applicable wage decision for the entire project.
3. It is understood that no change orders may be made as a result of increased wage rates, if applicable.
4. Bidder is aware of the requirements set by the Bipartisan Infrastructure Law of 2021, which mandate that all iron and steel, manufactured products, and construction materials used in the project must be produced in the United States. Bidder understands that Pursuant to HUD's Notice, "Public Interest Phased Implementation Waiver for FY 2022 and 2023 of Build America, Buy America Provisions as Applied to Recipients of HUD Federal Financial Assistance" (88 FR 17001), any funds obligated by HUD on or after the applicable listed effective dates, are subject to BABA requirements, unless excepted by a waiver.
5. The bidder certifies that to the best of provider's knowledge and belief all iron and steel products, manufactured products, and construction materials referenced in any technical analysis/report; the plans, specifications, and bidding documents; any bid addenda; and change orders comply with all federal requirements, including the Bipartisan Infrastructure Law of 2021.
6. It is understood that the Pre-Bid Conference Guide explains the various requirements and regulations for construction projects funded in whole or in part with Community Development Block Grant (CDBG) funds awarded through the Indiana Office of Community and Rural Affairs (OCRA).
